NOTICE.

This volume of petitions for naturalization has been prepared for the purpose of admitting of the declaration of intention being pasted to the small sheet or guard in front of the petition. The declaration should be pasted along its right-hand margin so that it will face the petition to which it relates. This notice is pasted to illustrate the method to be followed. This will bring the descriptive matter of both papers before the eye when the book is opened.

The reverse side of the petition has been changed so as to admit of a complete record being made of all actions which the court may take, as well as to provide a space for the entry of marriages and births occurring between the dates of petition and naturalization.

INSTRUCTIONS TO COMMISSIONERS, NOTARIES, ETC.

Before the examination of the witnesses begins it should first be ascertained that they are citizens, and that they each have the required knowledge of the petitioner's residence, after which they should each be duly sworn to testify as to the truth, the whole truth, and nothing but the truth, in the matter of the said petition.

After the depositions of the witnesses are taken and reduced to writing, the same should be carefully read to the respective witnesses, and when a witness has assented to the truth of his respective answers as recorded, he will then sign his name at the bottom of his own deposition and swear to the truth of the same before the commissioner or notary. This oath is in addition to the preliminary oath which is administered previous to the commencement of his examination.

As soon as the depositions have been taken, reduced to writing, signed, and sworn to by the respective witnesses, and the certificate duly made by the commissioner or notary, the depositions together with the cover sheet (Form 2220) should be inclosed in a suitable wrapper or envelope and securely sealed by the commissioner or notary, who will write his name transversely across the seal. The commissioner or notary will also indorse across one end of the envelope or wrapper the title of the proceeding and the nature of the papers inclosed.

The package thus sealed and indorsed should thereupon be transmitted by mail to the clerk of the court wherein the petition is pending.

INSTRUCTIONS TO COMMISSIONERS, NOTARIES, ETC.

Before the examination of the witnesses begins it should first be ascertained that they are citizens, and that they each have the required knowledge of the petitioner's residence, after which they should each be duly sworn to testify as to the truth, the whole truth, and nothing but the truth, in the matter of the said petition.

After the depositions of the witnesses are taken and reduced to writing, the same should be carefully read to the respective witnesses, and when a witness has assented to the truth of his respective answers as recorded, he will then sign his name at the bottom of his own deposition and swear to the truth of the same before the commissioner or notary. This oath is in addition to the preliminary oath which is administered previous to the commencement of his examination.

As soon as the depositions have been taken, reduced to writing, signed, and sworn to by the respective witnesses, and the certificate duly made by the commissioner or notary, the depositions together with the cover sheet (Form 2220) should be inclosed in a suitable wrapper or envelope and securely sealed by the commissioner or notary, who will write his name transversely across the seal. The commissioner or notary will also indorse across one end of the envelope or wrapper the title of the proceeding and the nature of the papers inclosed.

The package thus sealed and indorsed should thereupon be transmitted by mail to the clerk of the court wherein the petition is pending.
