

INSTRUCTIONS TO COMMISSIONERS, NOTARIES, ETC.

READ CAREFULLY BEFORE TAKING ACTION.—In designating you as the official for taking these depositions, the Naturalization Service has acted solely as an accommodation to the petitioner. You must look to the latter alone for the payment of your lawful fee for taking the depositions, and if any additional information of any nature is needed, it must be obtained by you from him.
The petitioner has been notified by the Naturalization Service of your designation to take the depositions, as well as the time and place set. He has been instructed to make all of the necessary arrangements with you and with the witnesses in the matter. As a precaution, it is advisable that a few days before the date fixed for taking the depositions you remind the witnesses to appear before you. If the date designated is not convenient to all persons, there is no objection to the depositions being taken within a reasonable time AFTER the date fixed.
Before proceeding to take the testimony of the witnesses it should first be ascertained that they are citizens and that they each have the required knowledge of the petitioner's residence for the period shown on the face of Form 2220. If the witnesses are naturalized citizens they should be required, wherever possible, to produce their certificates of naturalization. If they are not competent, there is no objection to the use of other witnesses who may be competent. You may obtain the names of other witnesses through the original ones, from the petitioner himself, or otherwise. If other witnesses are substituted, insert their names on Form 2220 in lieu of the original witnesses named.
Swear the witnesses to the truth of their statements before taking their testimony. After the same has been reduced to writing and carefully read back to the witnesses, they should again be sworn to the truth of their respective answers, and their signatures obtained at the bottom of their respective depositions.
Your own certificate as commissioner or notary should then be annexed after the depositions, and the depositions, together with Form 2220, should be inclosed in the manila wrapper provided and the title of the proceeding and the nature of the papers inclosed placed on the outside of the wrapper.
The completed depositions should be MAILED DIRECT TO THE CHIEF NATURALIZATION EXAMINER, to whom the envelope which has been provided is addressed. The depositions are essential to the petitioner at the final hearing of his application for naturalization, and they should therefore be forwarded to the proper Chief Examiner without unnecessary delay.

INSTRUCTIONS TO COMMISSIONERS, NOTARIES, ETC.

READ CAREFULLY BEFORE TAKING ACTION.—In designating you as the official for taking these depositions, the Naturalization Service has acted solely as an accommodation to the petitioner. You must look to the latter alone for the payment of your lawful fee for taking the depositions, and if any additional information of any nature is needed, it must be obtained by you from him. The petitioner has been notified by the Naturalization Service of your designation to take the depositions, as well as the time and place set. He has been instructed to make all of the necessary arrangements with you and with the witnesses in the matter. As a precaution, it is advisable that a few days before the date fixed for taking the depositions you remind the witnesses to appear before you. If the date designated is not convenient to all persons, there is no objection to the depositions being taken within a reasonable time AFTER the date fixed. Before proceeding to take the testimony of the witnesses it should first be ascertained that they are citizens and that they each have the required knowledge of the petitioner's residence for the period shown on the face of Form 2220. If the witnesses are naturalized citizens they should be required, wherever possible, to produce their certificates of naturalization. If they are not competent, there is no objection to the use of other witnesses who may be competent. You may obtain the names of other witnesses through the original ones, from the petitioner himself, or otherwise. If other witnesses are substituted, insert their names on Form 2220 in lieu of the original witnesses named. Swear the witnesses to the truth of their statements before taking their testimony. After the same has been reduced to writing and carefully read back to the witnesses, they should again be sworn to the truth of their respective answers, and their signatures obtained at the bottom of their respective depositions. Your own certificate as commissioner or notary should then be annexed after the depositions, and the depositions, together with Form 2220, should be inclosed in the manila wrapper provided and the title of the proceeding and the nature of the papers inclosed placed on the outside of the wrapper. The completed depositions should be MAILED DIRECT TO THE CHIEF NATURALIZATION EXAMINER, to whom the envelope which has been provided is addressed. The depositions are essential to the petitioner at the final hearing of his application for naturalization, and they should therefore be forwarded to the proper Chief Examiner without unnecessary delay.

INSTRUCTIONS TO COMMISSIONERS, NOTARIES, ETC.

READ CAREFULLY BEFORE TAKING ACTION.—In designating you as the official for taking these depositions, the Naturalization Service has acted solely as an accommodation to the petitioner. You must look to the latter alone for the payment of your lawful fee for taking the depositions, and if any additional information of any nature is needed, it must be obtained by you from him.

The petitioner has been notified by the Naturalization Service of your designation to take the depositions, as well as the time and place set. He has been instructed to make all of the necessary arrangements with you and with the witnesses in the matter. As a precaution, it is advisable that a few days before the date fixed for taking the depositions you remind the witnesses to appear before you. If the date designated is not convenient to all persons, there is no objection to the depositions being taken within a reasonable time AFTER the date fixed.

Before proceeding to take the testimony of the witnesses it should first be ascertained that they are citizens and that they each have the required knowledge of the petitioner's residence for the period shown on the face of Form 2220. If the witnesses are naturalized citizens they should be required, wherever possible, to produce their certificates of naturalization. If they are not competent, there is no objection to the use of other witnesses who may be competent. You may obtain the names of other witnesses through the original ones, from the petitioner himself, or otherwise. If other witnesses are substituted, insert their names on Form 2220 in lieu of the original witnesses named.

Swear the witnesses to the truth of their statements before taking their testimony. After the same has been reduced to writing and carefully read back to the witnesses, they should again be sworn to the truth of their respective answers, and their signatures obtained at the bottom of their respective depositions.

Your own certificate as commissioner or notary should then be annexed after the depositions, and the depositions, together with Form 2220, should be inclosed in the manila wrapper provided and the title of the proceeding and the nature of the papers inclosed placed on the outside of the wrapper.

The completed depositions should be MAILED DIRECT TO THE CHIEF NATURALIZATION EXAMINER, to whom the envelope which has been provided is addressed. The depositions are essential to the petitioner at the final hearing of his application for naturalization, and they should therefore be forwarded to the proper Chief Examiner without unnecessary delay.

Dear Sir :-

We find that in filing your petition for naturalization on
October 23 last we made a mistake.

Your Declaration of Intention will not be two years old until
December 7 next, consequently your petition is invalid.

It will be necessary for you to ~~renew~~ file a new pe-
tition after December 7. And under a new regulation that
has recently gone into effect you will fill out the blank
enclosed and send it with your Declaration to the Chief Natur-
alization Examiner, Federal Bldg., Pittsburgh, Pa. Later
you will be advised when to appear for filing your petition.

I enclose your Declaration.

A. H. Pontius,
Clerk, Common Pleas Court,
Jefferson, Ohio.

Dear Sir:-

Upon examination of duplicate petition for naturalization No. 850 filed by Michele Di Maia, 23 Harbor Ave., Ashtabula, O., in your Court October 22, 1923, it is noted that this petition is based on declaration of intention No. 2010 made in your Court December 7, 1921.

If the correct date of declaration No. 2010 is December 7, 1921, petition No. 850 would be invalid for the reason that the declaration was not two years old at the time the petition was filed.

In this case the petition should be marked "spoiled page" and the fee paid thereon should be applied on a new petition to be filed after the declaration is two years old.

Please advise if the date of the declaration above is correct so we can fix our records accordingly.

Very respectfully,

Chief Naturalization Examiner.

INSTRUCTIONS TO COMMISSIONERS, NOTARIES, ETC.

READ CAREFULLY BEFORE TAKING ACTION.—In designating you as the official for taking these depositions, the Naturalization Service has acted solely as an accommodation to the petitioner. You must look to the latter alone for the payment of your lawful fee for taking the depositions, and if any additional information of any nature is needed, it must be obtained by you from him.

The petitioner has been notified by the Naturalization Service of your designation to take the depositions, as well as the time and place set. He has been instructed to make all of the necessary arrangements with you and with the witnesses in the matter. As a precaution, it is advisable that a few days before the date fixed for taking the depositions you remind the witnesses to appear before you. If the date designated is not convenient to all persons, there is no objection to the depositions being taken within a reasonable time AFTER the date fixed.

Before proceeding to take the testimony of the witnesses it should first be ascertained that they are citizens by requiring them, if naturalized, to produce their certificates of citizenship, and that they each have the required knowledge of the petitioner's residence for the period shown on the face of Form 2220. If they are not competent, there is no objection to the use of other witnesses who may be competent. You may obtain the names of other witnesses through the original ones, from the petitioner himself, or otherwise. If other witnesses are substituted, insert their names on Form 2220 in lieu of the original witnesses named.

Swear the witnesses to the truth of their statements before taking their testimony. After the same has been reduced to writing and carefully read back to the witnesses, they should again be sworn to the truth of their respective answers, and their signatures obtained at the bottom of their respective depositions.

Your own certificate as commissioner or notary should then be annexed after the depositions, and the depositions, together with Form 2220, should be MAILED DIRECT TO THE CHIEF NATURALIZATION EXAMINER, to whom the envelope which has been provided is addressed. The depositions are essential to the petitioner at the final hearing of his application for naturalization, and they should therefore be forwarded to the proper Chief Examiner without unnecessary delay.
