TO THE CLERKS OF COURTS EXERCISING NATURALIZATION JURISDICTION,
AND ALL OTHERS CONCERNED:

Considerable confusion has arisen in the filing of declarations of intention and petitions for naturalization of subjects of the Austro-Hungarian Monarchy, because of the lack of a clear understanding of the relation of natives of Austria and Hungary to their sovereign. It frequently occurs that an improper and unintentional renunciation of allegiance is made by subjects of this monarchy, under the present form of renunciation. The renunciation of allegiance which appears most desirable, in order to avoid further complication, is--

"FRANCIS JOSEPH, EMPEROR OF AUSTRIA AND APOSTOLIC KING OF
HUNGARY."

This renunciation of allegiance should be used uniformly for natives of any of the states comprising Austria and natives of any of the states comprising Hungary.

This change will apply to naturalization papers filed or issued after November 1, 1910.

Reference is made to letter of this office dated April 2, 1912,
relative to renunciations of allegiance by subjects of Luxembourg.

Since the date of that letter, this office has received supple-
mental information showing that until the attainment of the majority
of Marie Adelaide, Grand Duchess of Luxembourg, renunciations of al-
legiance should be to "MARIE ANNE, REGENT OF THE GRAND DUCHY OF LUX-
EMBOURG."

This form of renunciation should be used in all naturalization

Mr. J. H. Copp,
Clerk, Court of Common Pleas,
Jefferson, Ohio.

Dear Sir:

Replying to your letter of the 24th ultimo, you are informed that in the cases of those aliens who have arrived in this country since June 29, 1906, it will be necessary for such aliens to furnish a certificate of landing at the time of petitioning for naturalization, as required by the fourth paragraph of the second subdivision of section 4 of the act of June 29, 1906. It will be seen that in any instance, however, said certificate will not be required until after June 30, 1911.

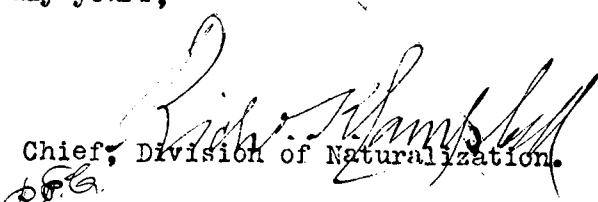

Coming now to the cases of those aliens who have arrived in this country since the passage of the act, and who have not entered through some one of the designated ports of entry and been inspected as required by the immigration law, it would be to their interest to return to one of the ports named by the immigration regulations for inspection, so that they may be provided at the proper time later, upon application to the appropriate officer, with the certificate of landing prescribed by the statute. You should, therefore, not file declarations of intention of such aliens, unless they come through some es-

established port of entry. They are in the country in violation of law.

Responding to the second paragraph of your communication, the division incloses herewith for your information a copy of a letter addressed to the Chief Naturalization Examiner at Denver, Colorado, dated November 1, 1910. By reference to the last paragraph of page 2 of the letter, you will see that in the view of this office the "period of more than five years" used in the language quoted by you from the act of June 25, 1910, means more than five years from the time that the court hears the case.

You can readily see, therefore, that the actual period of residence in the United States must vary according to the time of the hearing. Practically, the result of this construction would be, as to cases heard under the terms of said act now, that the petitioner must have resided in the United States for about ten years, since he could not have been entitled upon proper proceedings to be naturalized until he actually resided in the United States for five years. As time progresses, however, the date from which he must show that he has lived in the United States will, of course, have become later.

Chief, Division of Naturalization.
